UPPER CYBER

Federal Government IT. Simplified.

Ronald Bowman DBA Upper Cyber · Houston, Texas

CAPABILITY STATEMENT

SBA-CERTIFIED SDVOSB / VOSB

Upper Cyber brings veteran-led technology execution to federal buyers and prime contractors: commercial software, endpoint defense, secure web infrastructure, and Microsoft 365—with clear scope, accountable administration, and documented handoff.

CORE COMPETENCIES

01 Authorized COTS software & licensing

Commercial off-the-shelf software reselling, license selection, renewals, and quote/delivery coordination through the approved Carahsoft channel. Product availability and contract access are confirmed for each quote.

02 Endpoint & ransomware defense

Bitdefender GravityZone deployment and administration through an approved reseller relationship. Endpoint detection and response (EDR), risk analytics, and related features are scoped to the selected license and environment.

03 Secure web infrastructure

Lightweight public websites, secure configuration, DNS and TLS review, performance, and accessibility foundations. Static or server-rendered architecture is selected to fit the project and maintenance requirements.

04 Microsoft 365 & technical refresh

Identity, MFA, role-based administration, collaboration, workstation configuration, and technical documentation. Microsoft 365 licenses, support coverage, and optional computer training are separately scoped.

DIFFERENTIATORS

Veteran leadership — 20 years of U.S. Army service.
SBA-certified — SDVOSB and VOSB.
Accountable delivery — Documented scope, ownership, and handoff.
Purchase-card ready — Government Purchase Card (GPC) accepted.
